### A day with a star

Read about a teenage singer Daisy Cross and her everyday routine. Is her day like yours?

Daisy gets up late. She doesn't like getting up in a hurry, so she reads books in bed and listens to music on her MP3 player. At about 10 she goes to the bathroom and takes a quick shower, brushes her teeth and her hair.

At 10:30, she has breakfast. She sometimes has yogurt or cheese sandwiches, but she likes her mum's pancakes with raspberries best.

After breakfast, she meets her friends from the band. They don't always sing and play

the instruments. Sometimes they just download new music. Late in the afternoon Daisy has extra classes. She doesn't go to school, but she learns at home with a private teacher. She reads a lot and does her homework. Sometimes she feels lonely, because she doesn't have school friends and she can't work in groups or do projects.

In the evening, she likes to relax and spend some time with her family. They love playing board games together. She goes to sleep at 10:30.
